

Wife of Veteran of
World War II
Recalled During Korean Conflict

TO THE VOTERS OF PEABODY:

May I take this opportunity to express my sincere thanks to so many of you who believe that I can be of service to our community as a member of the School Committee.

I can be and I will be. I pledge, if elected, to devote as much time and effort as may be necessary and that I can command to conduct the business of providing the best school system we can afford.

I have no predetermined faults to correct nor pet projects to try out. As a new member of the School Board, I will study and learn about our problems, and then consider the best possible solutions for them. Because of my experience of 26 years in the business world, I am practical-minded, but I promise that my mind will never be closed to suggestions for the betterment of our School system.

If elected, I promise always to vote for the best and most practical school programs that the citizens of Peabody can afford; and I will always insist that we obtain a dollar's worth of good education for every dollar we invest in our schools.

I am a native of Peabody having lived for 22 years in Ward 5, and for the past 22 years in Ward 4. During my high school days I was active in sports and still am an enthusiastic fan and engage myself actively in sports as my chief form of recreation. I offer my business experience plus all the vitality I command to service in our community as your representative on the School Board.

Again, may I thank you all for your vote of confidence on October 6, and may I respectfully solicit your vote on November 3.

Mary Lukinchook
